Dear Mr. DiPalma:

It is my pleasure to report that Washington Suburban Sanitary Commission has permanently approved the use of the Jed Saddle.

WSSC's Standard Specifications will be properly updated.

Jed Saddle clean outs may be used by contractors in accordance with the manufacturer's recommendations, WSSC specifications, and any applicable scope of procedures documents.

Failure to meet technical specifications will be grounds for removal from the approved list.

Should you have any questions related to the approval, you may call me at 301-206-4304.

Sincerely,
