

Napoleon®

Direct Vent

Gas Fireplaces

From our family to yours

With over 30 years in the hearth industry, we are able to offer you a wide range of products, all proudly carrying the President's Limited Lifetime Warranty. The years of experience, care and quality results in the creation of hearth products that possess a timeless and enduring style, worthy of a place in your home.

As the largest, family owned hearth products and gas grill manufacturer in North America, we invite you to experience the complete family line-up of Napoleon® wood, gas, electric and oil burning fireplaces, inserts and stoves. Our products are available for viewing at an authorized Napoleon® dealer nearest you or online at www.napoleonfireplaces.com.

WHY NAPOLEON®?

Making your life easier...

Napoleon® fireplaces are designed to provide you absolute comfort and control at the touch of your fingertips. It's that easy. When you install a Napoleon® direct vent gas fireplace, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

An investment you can count on...

Your new Napoleon® fireplace adds value to your home while at the same time giving you uncompromising comfort and a reliable heating source. Aside from kitchen and bathroom renovations, fireplaces add the highest return on your home investment. Nothing to lose and everything to gain.

Create your personal design statement...

Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. Thousands of designer options are available to create the exact statement you have been looking for.

Highest efficiencies, maximum comfort...

Years of research, design and testing have enhanced optimum performance allowing Napoleon® products to achieve some of the highest heater rating efficiencies on the market. Napoleon® continuously surpasses industry standards not only in appearance but in efficiency and performance. See the benefits of Napoleon's ZONE HEATING on page 23.

Beautiful fires, best flame in the industry...

With advanced burner technology and innovative design, Napoleon's flame and exclusive PHAZER® log sets are so realistic it's hard to tell the difference from a real wood burning fire.

Authorized dealer support network...

With over 3,000 reputable authorized dealers across North America and Europe, Napoleon® provides professional and consistent training and technical support to ensure your fireplace is installed by a certified, reputable installation technician.

Outstanding Reliable Warranty...

Each and every Napoleon® fireplace is designed and manufactured to strict quality testing standards and backed by the President's Limited Lifetime Warranty, guaranteed to give you the solid performance you deserve. (Registered under the world recognized ISO 9001-2000)

Mantel Selection ...

Napoleon® offers a complete selection of wood and architectural cast stone mantel packages. Ask your dealer for details or view online at www.napoleonfireplaces.com.

Vittoria™ - GD19 Direct Vent Gas Fireplace

With its sleek, tall, slender design, the GD19 gas fireplace easily installs into smaller wall applications... perfect for entrance ways, smaller rooms and corner wall installations. The choice of painted black or hammertone pewter facing kits and Victorian ornamental upper and lower insets provides two different finishes, sure to complement discriminating tastes.

- Top or rear venting allows for versatile installation options
- Innovative design allows tightest corner installation available
- Compact size makes it ideal for raised kitchen applications
- Exclusive PHAZER® log set and glowing charcoal ember bed are so realistic they look like a real wood fire
- Heat resistant ceramic glass radiates heat back into the room
- Cost saving electronic ignition with battery back up and convenient on/off switch
- Exclusive built-in NIGHT LIGHT™ with on/off switch
- PHAZERAMIC™ leading-edge infrared burner technology provides the most realistic, beautiful YELLOW DANCING FLAME® patterns
- Up to 45% flame / heat adjustments for maximum comfort and efficiency
- Approved for bathrooms, bedrooms, bed sitting rooms and mobile homes
- Backed by the President's Limited Lifetime Warranty

Corner and flat Vittoria™ cabinets are available in White, Ebony Oak and Special Walnut finishes

33/34 Series - Good Things Do Come In Small Packages

The GD33/34 is Napoleon's smallest direct vent gas fireplace and perfect for rooms with limited space. At only 13" deep, the GD33/34 can be installed almost anywhere! Your room easily transforms into a relaxing, cozy retreat with just the right amount of heat. Available as a top vent (GD34-1) or rear vent (GD33).

- 13" depth is small enough to fit practically anywhere
- Heat resistant ceramic glass radiates heat back into the room
- Superior burner technology produces the most realistic, beautiful YELLOW DANCING FLAME® patterns
- Exclusive PHAZER® log set and glowing ember bed are so realistic they look like a real wood fire
- 100% SAFE GUARD™ gas control system quickly and automatically shuts off the gas supply for your peace of mind
- 50% flame/heat adjustment for maximum comfort and efficiency
- Approved for bathrooms, bedrooms, bed sitting rooms and mobile homes
- Backed by the President's Limited Lifetime Warranty

HD35 - Clean Face Direct Vent Fireplace

The simple yet sophisticated design of Napoleon's HD35 fireplace provides every comfort a homeowner needs to create a relaxing environment. The clean face frame maximizes the viewing area so the realistic flames and log set are enjoyed to their fullest for a true masonry look and feel. With up to 25,000 BTU's, the HD35 generates plenty of cozy heat and can easily turn down to a lower, comfortable setting.

- Up to 25,000 BTU's
- Certified to heater standards
- Clean, contemporary design
- Fuel saving electronic ignition with battery back up and built-in adjustable flame/heat control
- 4" x 7" direct top venting
- Realistic PHAZER® log set, rich in colour and detail, provide a real wood log appearance
- Advanced burner technology with glowing ember bed, produces the most realistic flames in the industry
- Convenient, pivoting, heat resistant glass door radiates heat back into the room
- Optional Porcelain Reflective Radiant Panels echo flames throughout the firebox
- Optional decorative Sandstone brick panels
- Optional faceplate with operable safety screen doors (with 3/4" depth adjustment to accommodate a variety of facing materials)
- Optional decorative andirons in traditional painted black
- Optional on/off or thermostatic remote control
- Optional heat circulating blower
- Optional hot air distribution kit
- Approved for bedrooms, bathrooms, bed sitting rooms and mobile homes
- Backed by the President's Limited Lifetime Warranty

Napoleon's Direct Vent Technology

Convenient, Clean, Reliable Heating Source

With over 30 years of research and development, Napoleon® Fireplaces have perfected direct vent technology to offer you a fireplace, stove or insert that easily fits into your lifestyle.

With Napoleon's direct vent technology, you can design and install your fireplace in unique locations where it wasn't possible before with traditional masonry fireplaces. Even your basement can be transformed into a warm, inviting oasis for your family and friends to enjoy.

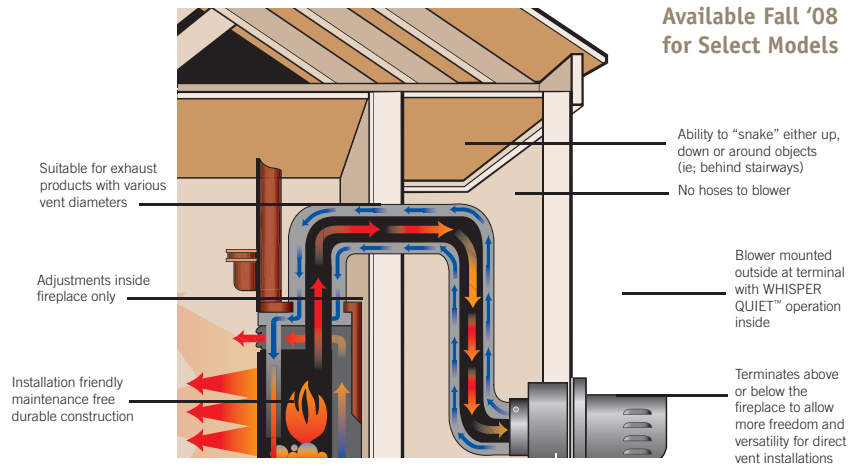

Whether you are renovating, building or replacing an inefficient fireplace product, Napoleon® helps guide you in the right direction to find the product that's right for you and your home. Napoleon® Fireplaces are a smart investment that will bring many years of affordable luxury to you and your family.

Direct Vent Power Venting System

Freedom and Versatility

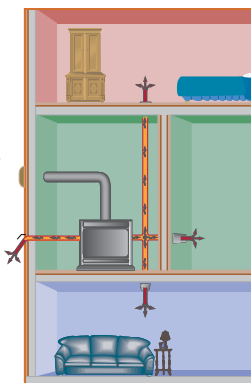

Napoleon's power venting system allows more freedom and versatility for direct vent installations. The option of having the termination above or below the fireplace, along with the ability to "snake" either up or down, allows installation when the desired fireplace location is a great distance away from an outside wall. The blower that pulls the burned gases from the fireplace is mounted outside at the terminal which provides WHISPER QUIET™ operation inside the home.

Heating Flexibility

Hot Air Distribution Kit

With the hot air distribution kit and its independent fan control, you are offered a choice of distributing a portion of the heat generated from your fireplace to other rooms, adding to your overall home comfort ...

OR

when fireplace heating efficiency is secondary to the ambiance of a fire, disperse it outdoors ... ideal for entertaining.

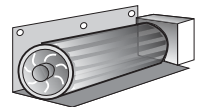

Thermostat For Hot Air Distribution Kit

Optional thermostatic control maintains adjacent room temperature for even greater convenience.

Blower

When you want to extract maximum heat, an optional heat circulating blower offers increased heating efficiency throughout the room.

Save up to 30% on heating costs with Zone Heating

Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon Gas Fireplace. Zone Heating is the obvious solution for families concerned about rising fuel costs.

Outstanding Features of Napoleon's Advanced Technology

Advanced Burner Technology

Napoleon's sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Finely Tuned Precision Valves

Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

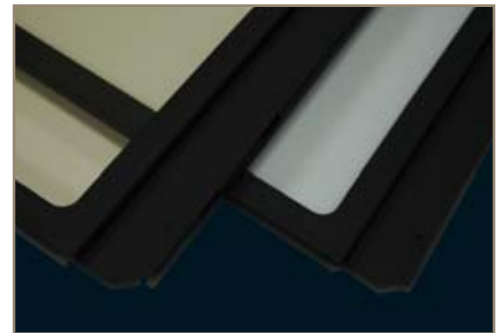

True Masonry Details

Napoleon's ceramic brick panels with true masonry texture and mortar details, help transfer additional heat, radiating out from the firebox.

Outstanding Craftsmanship

Fine details are designed in every aspect of Napoleon® fireplaces... individually handcrafted with pride of excellence.

Superior Heat Resistant Glass

Ceramic and tempered glass are made to withstand high temperatures, allowing maximum radiant heat performance & safety.

WHISPER QUIET™ Heat Circulating Blower System

The extreme heat resistant "H" class bearings featured in Napoleon's superior heat circulating blower, creates a lasting "whole home" comfort with adjustable high & low speeds.

Solid Hinged Doors

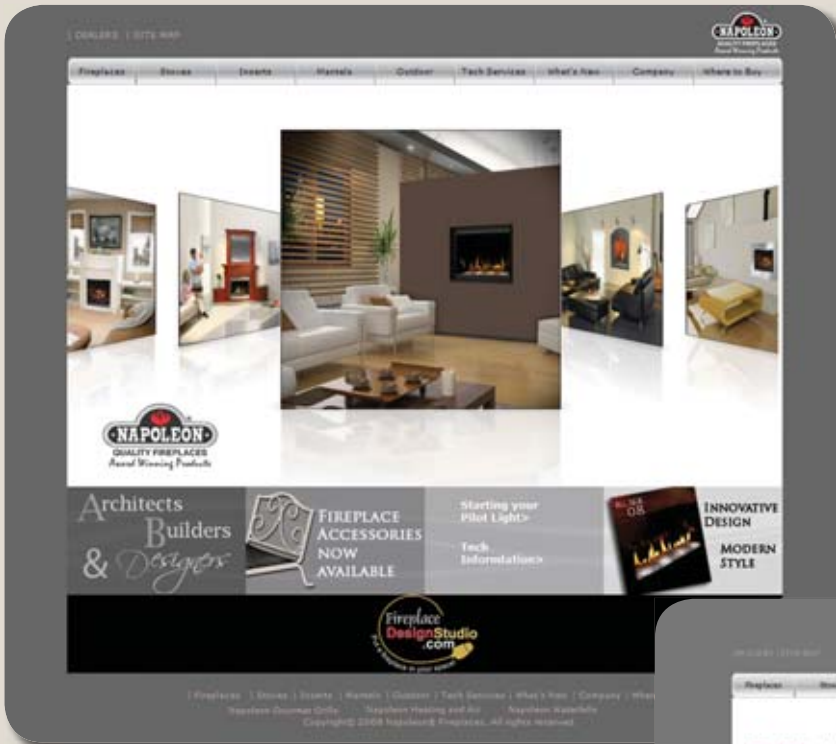

Manufactured with heavy gauge steel, the doors are conveniently hinged on most models for easy opening access with two snap clips.

Convenient Remote Controls

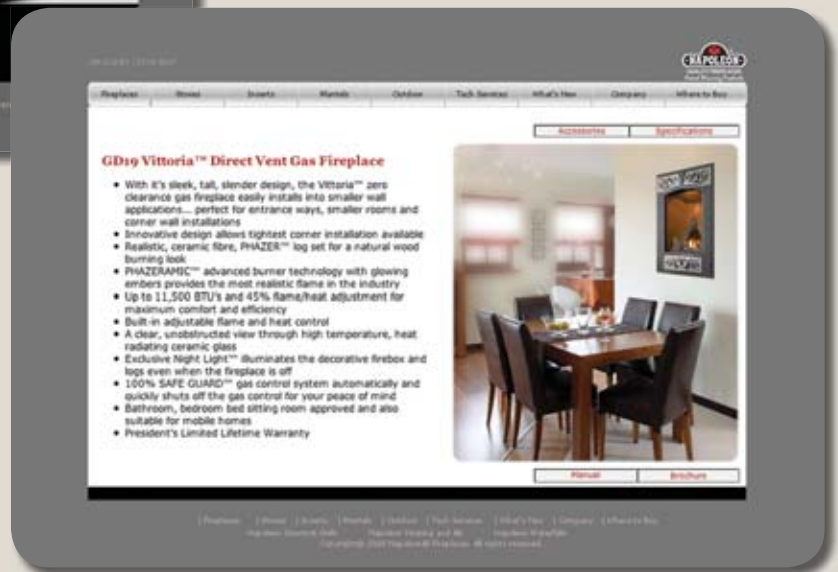

Napoleon's remotes with digital read out and thermostatic control give you the comfort level you need at the touch of a button.
