The Fusion

Wood heat and contemporary design converge with Pacific Energy's European inspired Fusion wood stove. Available in either stainless steel or metallic black finish, the Fusion blends Pacific Energy's Hi-Tech fire-box with the modernism of simple, clean design.

HEAT OUTPUT	Cord Wood	72,000 BTU
	EPA Test Fuel	34,600 BTU
Efficiency (LHV)	82.6%	
Emissions	3.4 gm/hr.	
Log Size	18 inches Max.	

* Heating capacity will vary depending on type of wood, floor plan,

STANDARD FEATURES ■ OPTIONS ■ CHOICES ■

Reliable, durable non-catalytic technology
User friendly, one-touch operation
Air wash system for super clean ceramic glass
Easy to use ash disposal system
High-tech multi-port combustion air injection system
Inside and outside combustion air capable
Floating firebox for extended stove life
Easy and safe front to back fuel loading
Heavy plate-steel top
304 Stainless Steel baffle, insulation cover, rails and flame shield
Boost air for easy lighting
Mobile home approved
125 cfm temperature actuated variable speed blower-
Screen doors
Finished in Brushed Stainless Steel or Metallic Black

Form meets function – The Fusion stands taller than most woodstoves with the firebox positioned above the uniquely styled wood storage compartment. With easier loading, efficient green heat, and longer burn times, the Fusion delivers Pacific Energy’s proven firebox power with modern style.

house layout, heat loss of home, and geographical location.
