VENT-FREE HEATING IMAGINE THE COMFORT

VENT-FREE FAN CONVECTORS FOR SUPPLEMENTAL HEATING

COMFORTABLE HEAT FOR LESS MONEY

Rinnai vent-free fan convectors provide the perfect supplemental heating solution to most any hard-to-heat space. The automatically-adjustable heat output and blower capacity allows the unit to maintain a consistent room temperature. Additionally, the cool-to-the-touch cabinet and child safety lock make them safe for the entire family.

- Up to 99.9% energy efficient
- Available in natural gas or propane
- Easy to install (floor or wall-mount)

INNOVATIVE TECHNOLOGY

- Whisper quiet fully modulating blower and 7-stage gas valve – no more going from on to off and hot to cold
- Automatically adjusts the heat output and blower control, delivering a stable room temperature for maximum efficiency and comfort
- Electronic ignition – no wasteful pilot light
- Digital, adaptive control
- On board self-diagnostics for easier maintenance
- Earthquake-proof, tilt-switch

ADVANCED FEATURES

- “Cool-to-the-touch cabinet”
- Child safety lock
- Digital timer and remote available with the RCE-606 TRAIL Model
- Easy-to-clean filters
- Built-in thermostat for full control of heating needs

UNBEATABLE WARRANTY

- 3 year warranty on all parts and labor

Remote Control and dual on-off programming on the 606TRA-II model.

TYPICAL PRODUCT APPLICATIONS*

- Room Addition
- Condo
- Basement
- Sunroom
- Hallway or Bathroom

* Rinnai vent-free fan convectors are a supplement heat source according to IFGC and should be used in applications as such. Codes vary from state to state. It is necessary to verify the approval of use of vent-free heaters based on local codes for your area.

Rinnai is continually updating and improving products; therefore, specifications are subject to change without prior notice. Local, state, provincial and federal codes must be adhered to prior to and upon installation.
