

Say “hello” to the first voice-activated thermostat

Introducing hands-free comfort control with head-turning style. The new Wi-Fi 9000 with Voice Control from Honeywell lets homeowners adjust their thermostat from across the room – without lifting a finger. Optimizing home comfort has never been more convenient.

Innovation from an industry leader

FAR-FIELD VOICE TECHNOLOGY

The thermostat can recognize voice commands from across the room, even in a busy household.

REMOTE CONTROL VIA SMARTPHONE OR COMPUTER

Homeowners can easily monitor and manage home comfort when they're away with Honeywell's top-rated Total Connect Comfort app.

ON-SCREEN COMFORT INFORMATION

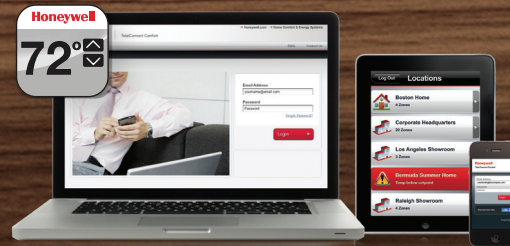

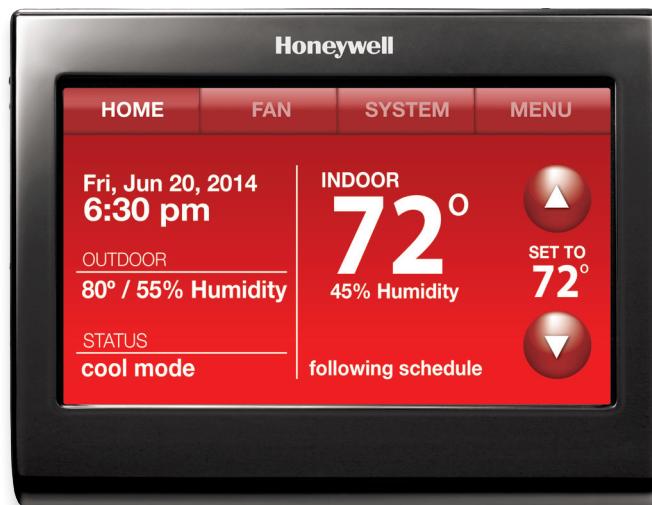

On-board sensor measures indoor humidity while local weather data populates outdoor temperature and humidity.

AUTOMATIC SOFTWARE UPDATES

Cloud-based voice recognition software will automatically update as Honeywell adds new voice commands and other enhancements.

FAST INSTALL AND EASY SETUP

Tool-free terminal block design and simple on-screen setup process help you get on and off the job more quickly.

Comfort control anytime, anywhere

With Honeywell's Total Connect Comfort services, your customers can:

- View and change their HVAC system settings
- Get temperature alerts via email or free app
- Access multiple locations if more than one system is connected
