

TRANE 2/4TEE AIR HANDLERS

Your Profit-ability

Sell-ability

- ≡ Industry leader and brand reputation
- ≡ Variable-speed fan motor with Comfort-R™
- ≡ Vortica™ advance airflow system in select 2/4TEE3F models
- ≡ TRANE CleanEffects™ technology built in on select models, with all others TRANE CleanEffects compatible

Install-ability

- ≡ 6-way convertibility
- ≡ R-22 and R-410A refrigerant compatible
- ≡ External refrigerant connections
- ≡ Tonnage 2.5 to 5
- ≡ Recessed screws
- ≡ 200/230/1/60 power supply

Service-ability

- ≡ Easy-access control box
- ≡ Quick filter change with standard-filter models
- ≡ Cleanable collection cells on models with built-in TRANE CleanEffects™ units
- ≡ External drain connections

Performance-ability

- ≡ Up to 19.5 SEER
- ≡ 400 CFM/ton nominal airflow
- ≡ Thermostatic expansion valve

Rely-ability

- ≡ Rustproof drain pan
- ≡ Corrosion-resistant galvanized cabinet

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY
5-year functional parts

OFFER YOUR CUSTOMERS THE ULTIMATE IN FLEXIBILITY.

Quiet comfort and energy efficiency — that's what the TRANE 2/4TEE air handler delivers. And now, with the latest generation of TEE air handlers, you can offer your customers the added **flexibility** of built-in or standalone **TRANE CleanEffects™** filtration. Factory-installed TRANE CleanEffects saves space, offers **all-in-one installation**

and removes up to 99% of airborne allergens from the air that is heated or cooled. This unmatched flexibility, along with advanced features like a **variable-speed blower motor** with **Comfort-R™**, make the 2/4TEE air handler a sound choice for customers — and a lucrative opportunity for your business.

Reliable performance

Design innovation and rigorous testing ensure that our name goes on only the most reliable products.

Better indoor air

A built-in TRANE CleanEffects™ air filtration system removes up to 99% of airborne allergens from the air that is heated or cooled.

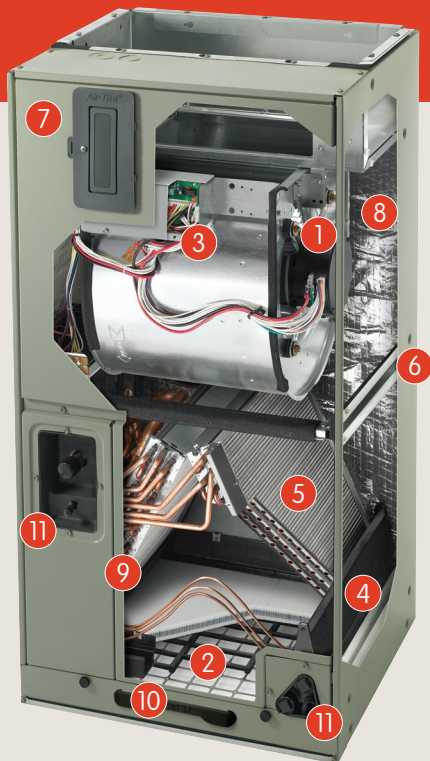

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

Enhanced comfort

Delivers quiet, even, consistent comfort all year round.

TRANE 2/4TEE AIR HANDLERS

Features and components may vary by model and are shown for illustration purposes only.

1 Variable-speed blower motor

Operates at lower, more efficient speeds than conventional blower motors. With Trane's exclusive Comfort-R™ feature, there is greater humidity control during cooling. Allows compatibility with higher SEER two-stage outdoor units.

2 Built-in TRANE CleanEffects™ technology (select models)

Offers advanced whole-house air filtration with space-saving flexibility.

3 Easy-access control box

Located behind the easy-to-remove panel for fast installation and service.

4 "No Leak" drain pan

Rust-resistant polycarbonate drain pan. Fully sloped to put an end to standing water and prevent damaging leaks.

5 Extra-large coil surface

Enhances heat transfer, provides greater efficiency and delivers more heating and cooling capacity.

6 Recessed screws

Will not snag on walls or door facings during installation.

7 Corrosion-resistant finish

Covers all panels uniformly to resist corrosion.

8 Air-Tite™ insulated cabinet

Well-insulated cabinet ensures that less air and sound escape and more air is quietly distributed throughout your customer's home.

9 Fully gasketed doors

Reduce air leaks to improve efficiency and decrease overall sound.

10 Easy-to-remove filter door

Provides quick and convenient filter maintenance.

11 External refrigerant and drain connections

Provide for faster installation and service.
