EXPERIENCE THE BENEFITS OF GUARANTEED COMFORT

Even on good days, life can seem overwhelming. To give homeowners like you one less thing to worry about, the Ruud *Achiever Series* Air Conditioner is designed to offer a highly efficient cooling operation to increase your comfort level while lowering your energy usage.

Energy-Efficient Cooling Legendary Scroll® compressor technology delivers proven durability and greater efficiencies, maintaining a higher comfort level with less electricity used. Your energy savings are further increased by a cooling efficiency rating of up to 14.5 SEER.

Simply Attractive In addition to the low-profile design, the neutral color allows for equipment placement that doesn't take away from the beauty of your home.

Quiet Operation Elevation of the unit off the concrete pad reduces vibrations, allowing for quieter performance.

Low-Cost Maintenance Convenient access to internal components means that contractors can make most adjustments without shutting the entire system down, keeping their time and your cost to a minimum.

ENJOY LONG-LASTING QUALITY & DURABILITY

We understand that purchasing heating and cooling equipment is an investment. With Ruud, you can rest easy knowing you're getting maximum comfort with industry-leading reliability. We've designed the Ruud *Achiever Series* for durability and performance.

Solid Construction A galvanized steel cabinet protects the coil from hail, lawn debris and other erosive elements.

Durable Finish Powder-painted metal cabinet finish exceeds the industry 1,000-hour salt-spray testing requirement, defending it against environmental hazards and rust, keeping your investment looking good for years to come.

Ruud Reliability Complete factory run testing ensures your Ruud equipment operates at peak performance before being installed in your home.
