## 16AJL SERIES EFFICIENCIES UP TO 16 SEER

TOP RATED  
IN CENTRAL AC  
RELIABILITY

### Lower Energy Costs

Two-stage cooling design operates on high only at peak times, delivering precise cooling while lowering energy usage and electric bills.

### Reliability and Durability

Solid construction ensures quiet operation, shields against environmental hazards and provides quality operation backed by a 10-year limited parts and conditional total unit replacement warranty.

RELY ON RUUD.™

## RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. You can be sure you're getting long-lasting value and comfort with any Ruud product you purchase. We engineer our air conditioners with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you high-efficiency air conditioners that reduce your monthly energy costs while being easier on the environment. We promise to deliver quality air conditioners we can be proud of and you can rely on.

For over 100 years, Ruud has provided trusted, long-lasting solutions. We have made a habit of delivering reliable heating & cooling products focused on keeping you comfortable. No matter how advanced our engineering has become, we'll always "make them like we used to." With Ruud, you get a history of doing things right and our word that you can **Rely on Ruud.™**

### EXPERIENCE THE BENEFITS OF RELIABLE COMFORT

The Ruud *Value Series* Two-Stage Air Conditioner is designed to give you proven quality and lasting comfort from a name you trust and a price you'll love.

**Less Electricity Usage** Two-stage cooling design operates on low most of the time, providing comfortable temperatures while reducing energy use. The system only operates on high when necessary during peak, warm weather conditions. Your energy savings are further increased by a cooling efficiency rating of up to 16 SEER.

**Greater Comfort** When matched with a Ruud RHML Air Handler, the system adjusts airflow to enhance humidity control more effectively for unsurpassed comfort in the cooling mode.

**Low-Cost Maintenance** Convenient access to internal components means contractors can make most adjustments without shutting the entire system down. Advanced two-stage compressor technology provides quick diagnostic capabilities for contractors, keeping their time and your cost to a minimum.

### ENJOY LONG-LASTING QUALITY & DURABILITY

We understand that purchasing heating and cooling equipment is an investment. With Ruud, you can rest easy knowing you're getting maximum comfort with industry-leading reliability. We've designed the Ruud *Value Series* for durability and performance.

**Solid Construction** A galvanized steel cabinet protects the coil from hail, lawn debris and other erosive elements.

**Durable Finish** Painted metal cabinet finish exceeds the industry 1,000 hour salt spray testing requirement, defending it against environmental hazards and rust, keeping your investment looking good for years to come.

**Ruud Reliability** Complete factory run testing ensures your Ruud equipment operates at peak performance before being installed in your home.
