## Available in 30, 40, 50, 65, 80 and 120 Gallon Tall - 30 and 50 Gallon Medium 20, 30, 38 and 47 Gallon Short Models

## 6-Year Limited Tank and Parts Warranty*

With ProtectionPlus ${ }^{\text {T" }}$ the 6-Year Limited Tank Warranty Becomes 10 Years!

- EverKleenT™ self cleaning device
- Brass drain valve
- Temperature and pressure relief valve included
- Isolated tank design reduces conductive heat loss
- High efficiency resistored heating elements
- Anode rod equalizes aggressive water action
- Electric junction box located above heating elements for easy installation
- Over-temperature protector cuts off power in excess temperature situations
- Automatic thermostat keeps water at desired temperature
- Meets or exceeds requirements of the National Appliance Energy Conservation Act (NAECA)

HIGH EFFICIENCY MODELS FEATURE:

- High performance and lower operating cost
- Compliant with many electric utility incentive programs
*See Residential Warranty Information Brochure for complete warranty information.

Energy Factor and Average Annual Operating Costs based on D.O.E. (Department of Energy) test procedures. D.O.E. national average fuel rate electricity $10.65 ¢ / \mathrm{KWH}$.

* Water heater dimensions prior to installing insulation blanket that is included with water heater.
- Heaters furnished with standard 240 volt AC, single phase non-simultaneous wiring, and 4500 watt upper and lower heating elements.
- If heating elements of different wattages than those shown are demanded by zone requirements, they must be specifically requested
- Single element models available on special order (6000W max.). Substitute "-1" for "-2" in model number.

Recovery = wattage/ $2.42 \times$ temp. rise ${ }^{\circ} \mathrm{F}$.
Example: $\frac{4500 \mathrm{~W}}{2.42 \times 90^{\circ}}=21 \mathrm{GPH}$
(

- All models equipped with heat traps.

These units are designed to meet or exceed ANSI (American Nationa Standards Institute) requirements and have been tested according to D.O.E. test procedures and meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria for energy consuming appliances.

Before purchasing this appliance, read important energy cost and efficiency information available from your supplier.

For more details, see form 101-7.
