INTEGRATED HOME COMFORT

Rheem.com

Why Rheem?

Enjoy cool summer days and nights with the most reliable air conditioners available. Rheem offers products that fit every budget so your family can enjoy reliable home comfort for years to come. We focus on bringing homeowners 'The New Degree of Comfort' through the development of energy efficient air conditioning solutions designed to save money and go easier on the environment. With a Rheem *Value Series* Air Conditioner, you'll stay cool while staying on budget.

Enjoy the Benefits of Reliable Comfort

The Rheem *Value Series* Two-Stage Air Conditioner is designed to give you proven quality and lasting comfort from a name you trust and a price you'll love.

Energy Savings Two-stage cooling design operates at low most of the time, providing comfortable temperatures while reducing energy use. The system only operates at high when necessary during peak, warm weather conditions. Your energy savings are further increased by a cooling efficiency rating of up to 16 SEER.

Greater Comfort When matched with the Rheem RHML Air Handler, the system adjusts airflow to enhance humidity control more effectively for unsurpassed comfort in the cooling mode.

Low-Cost Maintenance Convenient access to internal components means contractors can make most adjustments without shutting the entire system down. Advanced two-stage compressor technology provides quick diagnostic capabilities for contractors, keeping their time and your cost to a minimum.

Enjoy Long-Lasting Quality and Comfort

We understand that purchasing heating and cooling equipment is an investment. With Rheem, it's one you can expect to continually perform and deliver value for your family long-term. We've designed the Rheem *Value Series* to provide comfort you can count on.

Protective Design Full metal cabinet protects the coil from hail, lawn debris and keeps curious children safe.

Superior Finish Painted metal cabinet finish exceeds the industry 1,000 hour salt spray testing requirement, guarding against the elements and rust, keeping your investment visually pleasing.

Rheem Quality Complete factory run testing ensures your Rheem equipment operates at peak performance before being installed in your home.
