

The new degree of comfort.®

Air | Gas Furnaces R96V

PERFORMANCE

THAT EXCEEDS EXPECTATIONS

The EcoNet® Enabled Rheem® Prestige® Series R96V Gas Furnace is ENERGY STAR® qualified, offering one of the highest efficiencies available today. Monthly utility bills go down, and you stay comfortable all year long.

Prestige Series R96V
96% AFUE Efficiency¹

Ultimate Comfort

We've improved airflow, which means you get fewer cold spots and better overall indoor air quality during every season.

Maximum Efficiency

A 96% Annual Fuel Utilization Efficiency (AFUE) guarantees this gas furnace makes the most of every drop of fuel¹.

Exceptional Quality & Dependability

The R96V gas furnace is designed with our exclusive PlusOne® Ignition System – which is the most dependable system on the market today.

Smart Controls & Alerts

Innovative technology sends you important alerts and reminders to keep your system working at its best. Plus, it's easy to adjust your comfort settings from home or away².

We Thought of Everything... & Then Some

Designed to keep your family comfortable for years to come, the Rheem® *Prestige*® Series R96V Gas Furnace was developed using our 360°+1 design philosophy. We strive to deliver the very best homeowner experience by evaluating every detail of a product from every angle. That's 360°+1. And that's why you can count on gas furnace to bring you and your family years of comfort.

Innovation You Can Count On

Industry-first patented features and 360°+1 design make the Rheem *Prestige* Series R96V Gas Furnace a smart option. From top to bottom, inside and out, and every angle in between, we've thought of everything to bring you **efficient** and **dependable** indoor comfort.

Ultimate comfort & performance

- The R96V has a two-stage operation that offers a more consistent indoor environment—keeping cold spots to a minimum
- The two-stage heating design primarily operates on low-speed, only temporarily switching to high during peak cold-weather conditions

Quiet & efficient comfort

- Provides improved airflow via patented heat exchanger design, which reduces operating sound by 20%³
- Contributes to quiet, more efficient operation with its variable-speed ECM motor
- Designed for better humidity control while using less power, it's one of the quietest and cost-saving furnaces on the market

Dependability

- Comes standard with our exclusive PlusOne Ignition System
- Proven Direct Spark Ignition (DSI) is one of the most dependable ignition systems available today
- Exclusively used by Rheem on residential gas furnaces, DSI is also used on ovens and stoves—appliances you rely on daily

Protect your home

- Comes standard with our exclusive PlusOne Water Management System and the industry's first Blocked Drain Sensor
 - Shuts off your furnace when a drain is blocked, preventing water spillage from condensation and potential water damage to your home
- Offers one of the best warranties in the industry, which translates to fewer repair bills and more cozy nights at home

Easy installation & maintenance

- Delivers significant savings on installation costs and any maintenance, if needed
- Designed with PlusOne Diagnostics—our industry-first, 7-segment LED display that makes service calls quick and easy

The Rheem *Prestige* Series R96V Gas Furnace is Designed for High-Performance

- 96% AFUE – This means maximum efficiency for you, and may qualify you for local and / or utility rebates
- Two-stage operation – Provides superior comfort by knowing when to switch into high gear, so there is no need for you to adjust the thermostat
- Variable-speed ECM motor – Uses less energy than a single-stage motor; it's engineered for better dehumidification, which provides you with better indoor air quality

Reap Savings Through Maximum Efficiency

The Rheem *Prestige* Series R96V Gas Furnace is not only high-performing, it also saves you **energy** and **money**. A 96% AFUE¹ rating may qualify you for local and / or utility rebates. It's everything you need in a gas furnace—and more.

Energy savings

- Offers a welcome bonus to your heating system, as well as your wallet
- Uses fuel efficiently and economically through maximum airflow and its patented heat exchanger
- Gets an ENERGY STAR® rating for reducing energy consumption and lowering utility bills, while maintaining comfortable temperatures

Utility rebates

- Offered widely as incentives to reduce energy consumption and make responsible use of resources
- Supplies a 96% AFUE rating, which may make you eligible for a rebate
- Check your state's policy on local utility and municipality rebates by visiting Rheem.com/Rebate

The *Prestige* Series R96V Gas Furnace is designed to operate with the EcoNet® Smart Thermostat. This easy-to-use thermostat optimizes system performance and includes great features like:

- Simple scheduling and one-touch energy savings
- Remote access via the EcoNet App
- Important equipment alerts sent directly to your phone or email
- Convenient voice control – just ask “Alexa, make home cooler”¹⁴

Our Philosophy of Innovation

We meticulously evaluated every detail of this product from every angle, considering the work that goes into installing and servicing our products, as well as how we can deliver the very best homeowner experience. And then we take it a step further. That's 360°+1. And that's why you can count on your gas furnace to bring you and your family years of comfort.

How to Speak Heating & Cooling

Single-Stage

One level of operation, with no differentiation between peak or non-peak heating demands.

Two-Stage

More than one level of operation, which saves energy during non-peak heating demands.

Efficiency

Description for how effectively incoming energy converts to outgoing energy. The higher the number, the more efficient the unit—and the lower the operating costs.

AFUE

Annual Fuel Utilization Efficiency. Used to express the efficiency of gas furnaces. The higher the AFUE rating, the more efficient the unit.

Heat Exchanger

Transfers heat from furnace burners to the blower. Rheem® uses the industry's best heat exchangers and offers limited lifetime warranties on some models⁵.

Variable-Speed ECM Motor

Used in higher-efficiency indoor and outdoor units. Automatically adjusts the flow of warm or cool air in your home for ultimate comfort

Benefits At-A-Glance

PlusOne® Ignition System:

Direct spark ignition

PlusOne® Water Management System:

Blocked drain sensor

PlusOne® Diagnostics:

Dual 7-segment LED display

PlusOne® Energy Efficiency:

96% AFUE rating

Motor:

Variable-speed ECM motor operation for ultimate comfort

Sound Level³:

Improved airflow for 20% quieter operation

Limited Warranty⁵:

Parts—10-year
Heat exchanger—Limited Lifetime
Conditional unit replacement—10-year

Rheem Heating, Cooling & Water Heating
