Fan Coils

Tempstar® Fan Coils

Tempstar® professionals take pride in bringing you the latest technology in home comfort, with the goal of surpassing your expectations in energy efficiency and dependability. From engineering and design to industry-leading warranties, we are dedicated to always delivering quality you can feel.

Excellence Plus Efficiency— In One Package!

All of our units are specifically designed to work with your Tempstar® heating and cooling system. Properly matching the condensing unit and high efficiency fan coil can increase SEER[‡] and HSPF[‡] ratings up to a full point and increase your energy savings! You get the best of both worlds in one package—the ultimate comfort control plus optimum efficiency—for quality you can feel.

[‡]SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

R410A Fan Coils

FSU/FSM Series

- Designed to match your home's heating and cooling system
- Time-delay electronic control extends fan operation for maximum air circulation
- Direct drive blowers aerodynamically engineered for quiet operation
- Reliable blower motor boosts efficiency
- Triple-step paint process and structurally reinforced, rust-resistant, heavy-gauge galvanized steel cabinet for durability
- Upflow or multiposition models available
- 10 year^s parts limited warranty*
- FSM4 features a 5 year No Hassle Replacement™ limited warranty*

Fan coils come in various capacities, ranging from 1.5 to 5 tons.

R410A is an EPA-approved, environmentally sound refrigerant.

TEMPSTAR®

Heating and Cooling Products

FEM Series

- Uses brushless permanent magnet motor technology to increase cooling efficiency
- Multiposition for application flexibility
- 10 year^s parts limited warranty*
- FEM4 features a 7 year No Hassle Replacement™ limited warranty*

FVM Series

- Uses brushless permanent magnet full variable-speed motor technology to increase cooling efficiency
- Variable-speed blower motor gradually and quietly modulates up to reduce uncomfortable temperature swings
- Smooth, quiet performance
- Airflow can be adjusted for personal preference
- Continuous fan mode setting for improved air circulation
- Multiposition to fit various spaces
- 10 year^s parts limited warranty*
- FVM4 features a 10 year No Hassle Replacement™ limited warranty*

Modular Blowers

MB/MV/MF Series

- Compact size for hard-to-fit spaces
- Cased coil for higher performance
- MB Series operates on standard 115V household current
- MF Series is designed for 208V/230V operation
- MV Series features a variable-speed blower that saves energy
- 10 year^s parts limited warranty*

Warranties To Ease Your Mind

Every Tempstar unit is backed by exceptional warranties, including our No Hassle Replacement™ limited warranty*, which gives you a replacement unit if the main component should fail within the covered period. You also get up to a 10 year^s parts and compressor limited warranty.* And don't forget to ask your dealer about HELP® extended service agreements for additional worry-free protection for parts and labor coverage.

*See published warranty for complete details. To learn more about all of these limited warranties, including the No Hassle Replacement limited warranty, go to Tempstar.com.

*Subject to conditions. Ten year warranty requires timely registration. See detailed additional information on back page and Warranty Certificate at Tempstar.com for complete details.

Four Seasons Of Complete Comfort

Since heating and cooling systems are designed to work best together, Tempstar Heating and Cooling Products strongly recommends that you have your dealer install both at the same time for optimum efficiency, savings, and comfort.

Complete Line. Complete Comfort.

- a** HUMIDIFIER
enhances comfort by reducing dryness in the air.
- b** AIR CLEANER
filters out many indoor air pollutants so the air in your home is cleaner.
- c** SET-BACK THERMOSTAT
allows you to customize heating and cooling levels and also save energy.
- d** FAN COIL
is designed to optimize airflow and improve cooling and heating efficiency.
- e** CONDENSING UNIT
keeps your home cool and comfortable while saving on energy.
- f** EVAPORATOR/ INDOOR COIL
matches your Tempstar condensing unit to ensure great performance.
- g** UV LIGHTS
help prevent the growth of microbes on the coils.

This Tempstar product carries a ten (10) year limited warranty on parts, including compressor and coils, to original homeowner if installed in an owner-occupied, single-family residence and properly registered within ninety (90) days after original installation. Otherwise, the parts warranty period is five (5) years from the date of installation. Heat exchangers may carry longer limited warranty coverage that applies to original homeowners with timely registration. (See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.)

All systems tested and listed by the appropriate agencies.

As part of its commitment to quality, International Comfort Products, LLC, reserves the right to change specifications on its products without notice. Illustrations and photographs in this brochure are only representative. Some product models may vary.
